Arboricultural Assessment and Protection Method Statement

Addendum 01-31/10/16

Further to the original Arboricultural Assessment and Protection Method Statement dated 12th June 2015, this Addendum revises the protection method to the 2 No. Yew trees to the front of the property (Trees 6 & 7).

Initially the assessment reported that these two trees would be removed, if they are to be retained then the following protection will be put into place:

Method of protection:

2.4m Hoarding 3.0m 100 X 100mm

Square wooden posts 3 X 38 X 87mm wooden rails affixed to posts

2.4m X 1200 outside grade ply panels (12mm) affixed to rails.

50 X 100mm angled supporting struts affixed internally (quantity as required).

Supporting posts fixed into position using concrete. All post holes to be hand excavated. Post holes to be no larger than 300 X 300mm x300mm deep.)

Positioning of protection

The hoarding will be positioned a minimum distance of 350mm away from tree trunk.
