## **YOUR COMMENTS ON THE CASE**

This seems to be a unique opportunity to create something that could serve the community in the spirit of the way the land was given to be used: that could be community space for groups and families to use in a way that is currently not available. I used to use the Indoor Bowling but question the motives of the current planning application as it seems to centre on profit (to whom?? Rather than community. With a little imagination - sculpture park with table tennis/community astro turf/small business units/educational space/indoor ten pin bowling/family activity centre/community music studio - there are endless exciting options far superior to what is on offer currently to create a space that could really make a difference to the community and the future of the young and old people who would use it.
