YOUR COMMENTS ON THE CASE

1. The area is short of community leisure facilities and the present facilities are very busy, and limited. The site should be used for facilities as now
2. The local community has always asked for this and has been ignored
3. There are many schools in the area and they need more spaces for sports etc. not less
4. the site is designated as an open space there is no reason to change this
5. other residential developments are planned - if these happen the demand for indoor facilities will be even greater
