Re. plan 2016/5474/P

Further to my last comments I strongly object to the above planning application. This is due to the elevation of the proposed terrace , and also the modesty screen. This would be severely detrimental to my property of No 9. I would either be overlooked or hemmed in with the screen.

Please note that there are no elevated terraces at the back of any of the houses in west cottages. Cottages 8 & 9 are a pair of cottages and I suggest they are treated as such, and a terrace only the same height and size of No 9 would be reasonable. (so not elevated)

The applicant whom has only recently moved in to the road, clearly wants to get the most out of their building ,but it is not reasonable if this to the detriment to the other houses.

Thank you.

Sincerely

Jonathan Kahan

I own and live at 9 West cottages.

My concern is the raised elevation of the terrace of the proposed building extension. and privacy screen in relation to no 9, , I believe this will take away light from my property. Are there more plans available showing what impact it will have,and what it will look like.?

Thank you
.Jonathan Kahan
