2016/5784/P	Sanya Polescuk for Belsize Residents Association	8a Belsize Court Garages	06/11/2016 12:40:35	OBJ	The proposed privacy screen of 1.8 m tall and several meters long obscure glass to be erected externally on the 3rd floor of the party wall structure, requires a full structural engineering solution in order to avoid potential hazards of wind impact on the solid sheet element at that height. Unlike the conventional trellis or other slatted, light weight privacy screen constructions. The proposal is unrealistic and impractical.
