To whom it may concern,

**Re Planning application – 37/39 Rudall Crescent**

We write in support of the planning application for the above properties.

We are relieved that the applicant is applying for proposals for an overall scheme that now excludes a basement. The new proposals when constructed will cause far less of a disturbance than the basement development would have done.

The proposed changes are modest and in-line with what has been approved before for these properties and are also similar to work that we have received planning permission for and undertaken.

We encourage the Council to grant planning permission for the application.

  
Yours sincerely

  
Alan Brown  
Maureen Bancroft
