Planning Application 2016/5069/P.

Dear Ms Dike,

With regard to the proposed
balustrade along rear Terrace at
34, Ingham Rd NW6 1DE.

My objection is that this will be
intrusive and an invasion of
privacy to neighbouring homes &
gardens.

It is not enough to say that the trees
will provide screening as they will
not always be there as they are
old.

There is also subsidence in this area
and additional weight to this &
future buildings will exacerbate
this problem, therefore should be
refused.

Yours Sincerely
