Dear Mr Lester.

I am writing in reply to your letter ref 2016/5334/P, asking for comments on the installation, in our nearby area of a 15m high telecommunication antenna, and equipment cabinets.

Firstly, apart from the noise, and pollution, aspects, there's also the visual look, of how unattractive, this will be ???

The view, will be totally spoilt, and the natural habitat of this lovely, special space a Conservation Area, locally.

No, Thank You.

Yours Sincerely

Mr Thomas Byrne
