Dear Sirs,

I visit Bonjour Brioche multiple times every week, I have known Mojgan and her staff for quite a few years now, being one of their first clients in the area. Since its opening, the cafe has brought to Belsize Park an incredible addition to the breakfast/brunch scene, not only for the excellent quality of the food, but also for the homey atmosphere Mojgan was able to create in this place making it ever so special with her kindness and her motherly warmth. I deeply admire her tireless work and dedication, her effortless ability to make everyone feel welcome as they walk in.

As a unique spot in the entire North London area I highly suggest the Council carefully consider Bonjour Brioche for their application and provide them with the opportunity to continue serving the local community to the highest standards of service.

Yours sincerely,  
Francesco
