Jason

Please see attached for the committed schemes that WSP suggest are considered as part of any cumulative assessment for EIA purposes. Please can you consider these as part of the informal scoping review?

I have also attached a copy of the updated draft Scoping Report – no real change from what was issued the other day, WSP have just tweaked the wording in relation to the baseline assumptions.

Kind regards
Hannah

Jason

Thank you for your time yesterday. As discussed please see attached for the updated draft Scoping Report for you to discuss with colleagues.

Changes as discussed yesterday:

1. Appendix C added 'Demolition and Construction'. This is reflected in Appendix C.
2. Section 2.4 and Table 4 Framework Construction Environmental Management Plan added.

WSP need some time to work up the proposed committed schemes for the cumulative assessment. Hopefully we'll be able to provide these next week.

Kind regards
Hannah
