2016/5232/P	Diana and Anthony Rau	38 Fairfax Road London NW6 4HA	09/11/2016 18:52:00	COMMEM AIL	<p>We wish to support the objections to the proposed extension to 42 Fairfax Road. Although not the immediate neighbours, at No.38 we are between Nos.36 and 40 and thus have experience of extensions on both sides, as well as those in Belsize Road at the rear...</p> <p>The proposed extension is 3.9 metres, which seems excessive in size and bulk in relation to the existing property and in relation to the extension at No.40 next door.</p> <p>We were consulted in advance of those works, and our comments carefully considered in relation to light and size.</p> <p>We also regret that more of the gardens are being built over, as this affects the landscape, drainage and appearance of the rear of the neo-Georgian terraces.</p> <p>We trust that a more sensible plan will accommodate the requirements of No.44 and a more realistic approach towards a suitable extension taken.</p>
