

Dear Kate Phillips

I refer to the additional material presented by the applicants' architects and which became available on 24th October. The applicants' architects had originally advised that their additional material would be provided in September. I was away in October, and saw SOUP's letter of 18.10.2016 only on my return on 4th November. I continue to maintain my objections but I wish to have sufficient time to give proper consideration to the additional material (much of which is complex and technical) to the extent to which it affects 10 Fitzroy Park and , if necessary, seek professional advice before preparing a response.

I therefore request that you allow me time to do so . An extension, I suggest, to [Friday 25th November](#)

Yours sincerely

Olja Pepovic
