2015/2089/P	Ms Ware	33 princess road primrose hill nw1 8js nw1 8js	14/11/2016 17:16:12 INT		<p>I object to the proposed sub basement application stated above.</p> <p>As Londoners and more specifically Camden residents we are fortunate to have one of the remaining recording studios existing at Air Lyndhurst Studios. If granted the creation of this sub basement would cause noise and vibration to the extent that running a studio next door would be difficult - if possible at all. Client confidence would be affected and this would have a catastrophic effect Air's ability to work as a sound recording facility. Air Lyndhurst is a historical and national treasure and should not be risked by the granting of such an insensitive proposal next door.</p>
