2015/6455/P	Ildiko Bitá	5d Fawley Road West Hampstead London IP4 2LN IP4 2LN	11/11/2016 23:38:37	OBJ	The current development should be delayed until the impact of the current developments in West Hampstead by the Overground station is understood. The area is already extremely busy and will become more so when the new developments are completed and populated. No thought has been given to the need for increased services in the area, such as doctors and schools, or to the increased demands which will be made on the transport system. The council seems to be forging ahead with a plan without any concern for the effect it will have on the neighbourhood and with no consideration for ancillary issues which will arise due to the increase in population. The pause button should therefore be pressed and due consideration given to these matters.
