Subject: FW: 1 Ellerdale Road (2016/4223/P - Tree protection measures

Dear Elaine,

Please see email from the Tree consultant below - the section is left blank and is subject to the issues arising during the monitoring and site visits.

Frazer

Dear Frazer

The next section (4) of the inspection schedule cannot be confirmed at this stage...it could be the final inspection or maybe an interim inspection, depending on the contractor's requirements or tree issues that arise during the project. Hence it was deliberately left blank so that it can be filled out as and when required.

Krgds
Robert

Thanks for confirming this.

Kind regards

Elaine
