

-  **Category 1**
Trees of high quality and value in such a condition as to be able to make substantial contribution to minimum of 40 years is suggested.
-  **Category 2**
Trees of moderate quality and value; those in such a condition as to make a significant contribution to minimum of 20 years is suggested.
-  **Category 3**
Trees of low quality and value; currently in adequate condition to remain until new planting could be established (a minimum of 10 years is suggested), or young trees with a stem diameter below 100mm.
-  **Category 4**
Trees in such a condition that the tree cannot be retained as long trees in the context of the current land use for longer than 10 years.
-  **BS5837 Root Protection Area**
Proprietary trees which have roots and soil structure must be protected. All work within these areas will require special methods of work.
