2016/5156/P	Ricardo Freitas	17 New College Court NW3 5EX	18/11/2016 10:59:37	OBJ	<p>These works have already begun and being self employed and at times working from home they are very disruptive to mine and my fellow tenants day. Now I understand that these works need to be carried out but something needs to be done about the times in which heavy drilling and hammering is carried out. As being woken up at 8:30am by the drilling is not doing any good to me or the health of one of my housemates who suffers from migraines. If the louder work could be carried out only after 11am that would greatly alleviate our stresses.</p> <p>many thanks</p>
