21 November 2016

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Flat A
9 Gladys Road
London
NW6 2PU

Proposal:

Erection of storey rear extension to the rear of the existing dwelling house at lower ground level and minor alterations to front entrance (Class C3).

Drawing Nos: GL000-A1; GL100-A1; GL400-A1; GL300-A1; GL201-A1; GL200-A1; GL105-A1.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans GL000-A1; GL100-A1; GL400-A1; GL300-A1; GL201-A1; GL200-A1; GL105-A1.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed single storey extension to the ground floor would project 4m from the rear of the existing building line and would be a height of approximately 3m. It is viewed that a reasonable proportion of the garden would be retained. As such it is considered that the proposed rear extension would be subordinate to the host building.

The size, simple design and materials of this extension are sympathetic to a rear garden setting and will not harm the appearance of the host building or the surrounding area. The existing terrace has been considerably altered, with a number of the properties to the south having had similar sized extensions. The proposed extension would be extended to the building line of the properties to the north.

The proposed rear extension will not exceed 3m in height; as such it is viewed that its size, location and height will not adversely harm the amenity of adjoining residential occupiers in terms of loss of daylight, sunlight, outlook or privacy.

The proposed repositioning of the front stairs with metal balustrade and front bin has been designed in accordance with the neighbouring property at no. 11 and other properties along Gladys Road. The alterations to the front of the property are consistent with the existing street scene and therefore considered in acceptable and will not cause harm to the existing character of the area.

No objections or comments been raised in relation to the works. The application site's planning history and relevant decisions were taken into account when coming to this decision.

The proposed development is in general accordance with Policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and Policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with Policies 7.4, 7.6 and 7.8 of the London Plan 2016; and the provisions of paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework 2012.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

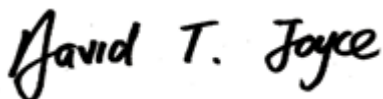

- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
