I object to the application because -

- infrastructure in West Hampstead struggles to support the current population
- there is already new residential dwellings adjacent to the tube station which are empty & at present. Once people move into these dwellings there will be further stress on the transport and roads.
- traffic is already terrible and rush hour at West Hampstead tube station is extremely difficult to navigate.

Please continue on extra sheets if you wish

The station does not have the capacity to deal with the current population.
