2016/5682/P	Meredith Whitten on behalf of the Covent Garden Community Association	Covent Garden Community Association 42 Earlham Street WC2H 9LA	21/11/2016 15:52:55	COMMNT	The proposed extract ducting will be located in a small lightwell that the restaurant shares with several residents. Thus, before any decision is made, the applicant should be required to provide a noise report to ensure that the proposed development does not have an impact on residential amenity. The residents who share a lightwell with the restaurant, including those in Monmouth Street and not just the residents to the rear of the restaurant, should be consulted on these proposals before any decision is made.
