6.3 The Owner agrees to pay the Council its proper and reasonable legal costs incurred in preparing this Agreement on or prior to the date of completion of the Agreement.

6.4 The Owner hereby covenants with the Council that it will within 28 days from the date hereof apply to the Chief Land Registrar of the Land Registry to register this Agreement in the Charges Register of the title to the Property and will furnish the

Council forthwith on written demand with official copies of such title to show the entry of this Agreement in the Charges Register of the title to the Property.

- 6.5 Nothing contained or implied in this Agreement shall prejudice or affect the Council's powers to enforce any specific obligation term or condition nor shall anything contained or implied herein prejudice or affect any provisions, rights, powers, duties and obligations of the Council in the exercise of its functions as Local Planning Authority for the purposes of the Act or as a local authority generally and its rights, powers, duties and obligations under all public and private statutes, bye laws and regulations may be as fully and effectually exercised as if the Council were not a party to this Agreement.
- 6.6 Neither the Owner or the Mortgagee nor their successors in title nor any person deriving title from them shall be bound by the obligations in this Agreement in respect of any period during which it no longer has an interest in the Property or the part of the Property to which the breach relates but without prejudice to liability for any breach committed prior to the time it disposed of its interest.
- 6.7 For the avoidance of doubt the provisions of this Agreement (other than those contained in this sub-clause) shall not have any effect until this Agreement has been dated.
- 6.8 If the Planning Permission is quashed or revoked or otherwise withdrawn or expires before effluxion of time for the commencement of development this Agreement shall forthwith determine and cease to have effect.
- 6.9 Where under this Agreement any notice, approval, consent, certificate, direction, authority, agreement, action or expression of satisfaction is required to be given or reached or taken by any party or any response is requested any such notice, approval, consent, certificate, direction, authority, agreement, action or expression of satisfaction or response shall not be unreasonable or unreasonably withheld or delayed.

7. **MORTGAGEE EXEMPTION**

7.1 The Mortgagee hereby consents to the completion of this Agreement and agrees to be bound by it and to the same being registered at the Land Registry as provided in Clause 6.4 hereof and for the avoidance of doubt agrees to be bound by the said obligations only in the event that it becomes a mortgagee in possession of the Property.

8. **RIGHTS OF THIRD PARTIES**

8.1 The Contracts (Rights of Third Parties) Act 1999 shall not apply to this Agreement.

**THE FIRST SCHEDULE  
CONSTRUCTION MANAGEMENT PLAN  
PRO FORMA**

The Council has produced a pro-forma Construction Management Plan that can be used to prepare and submit a Construction Management Plan to meet technical highway and environmental health requirements. This document should be prepared, submitted and receive approval from the Council well in advance of works starting.

The pro-forma Construction Management Plan can be found on the Council's website at:-

<https://www.camden.gov.uk/ccm/content/environment/planning-and-built-environment/two/planning-applications/making-an-application/supporting-documentation/planning-obligations-section-106/>

Please use the Minimum Requirements (also available at the link above) as guidance for what is required in the CMP and then download the Construction Management Plan

**It should be noted that any agreed Construction Management Plan does not prejudice further agreement that may be required for things such as road closures or hoarding licences**

## **THE SECOND SCHEDULE LOCAL PROCUREMENT CODE**

### **1. INTRODUCTION**

The use of local procurement agreements is a useful tool in helping the Council to improve economic prosperity and diversity in the local area which is a key aim of the Camden Community Strategy and the Local Development Framework (adopted November 2010). The sourcing of goods and services locally will also help to achieve a more sustainable pattern of land use and reduce the need to travel. The use of section 106 Agreements attached to the grant of planning permission will be used as a mechanism to secure appropriate levels of local procurement of goods and services.

A fuller explanation of the policy background and the justification for the use of local procurement agreements and when they will be required is contained with Sections 32 and 33 of the Camden Planning Guidance (adopted December 2006) which can be viewed on the Council's web site. This document is in line with the objectives of other organizations such as the London Development Agency and Government Office for London.

The purpose of this code is to maximise the opportunities available to Local Businesses in Camden from larger property developments taking place in Camden both during and after the construction phase. The local procurement code describes how the Owner in partnership with Camden Labour Market & Economy Service will ensure that Local Businesses benefit directly from the opportunities arising from both the Construction Phase of the Development and the end use of the Property.

The requirements of the local procurement code apply to the Owner, main contractor and subcontractors appointed by them as well as tenants subsequently occupying the building. The code is designed to support Owner s and contractors in fulfilling their commitments to the planning agreements by clarifying what is required from the outset. Although the wording is emphatic, Camden Labour Market & Economy Service seeks to work in partnership with contractors to assist them in meeting specifications and in finding suitable local companies. They will provide a regularly updated pre-screened directory of local companies in construction, fitting-out and furnishing trades in support of local procurement agreements.

## 2) MAIN REQUIREMENTS OF THE CODE

### A) CONSTRUCTION.

We will request that the Owner meets with London Borough of Camden's Labour Market & Economy Service's Local Procurement Team ("the Local Procurement Team") at least 1 month in advance of tendering contracts to clarify how the local procurement code will work and the co-operation required from the Owner, main contractor and subcontractors.

The Council will seek to ensure that the Owner inserts the following clauses in the tender documentation issued to the main contractor:

#### 2.1 **Actions & Responsibilities of Main Contractor**

1. The main contractor will provide the Local Procurement Team with information on the estimated timing of their procurement programme and a schedule of works packages to be let ("the Procurement Schedule") and to provide updates of the Procurement Schedule as and when it is updated or revised.
2. The main contractor will work with the Local Procurement Team to: include local companies on their tender lists wherever possible and to aim to achieve the procurement of construction contracts and goods and services from companies and organisations based in Camden towards a target of 10% of the total value of the construction contract.
3. The main contractor is required to provide regular monitoring information to the Local Procurement Team every six to eight weeks during the construction phase, via e-mail, phone, fax or liaison meeting providing details of:
  - all local companies which are sent a tender enquiry or a tender invitation detailing the date and the works package or items concerned;
  - the outcome of all works packages tendered, where there is a local company on the tender list, stating whether the local company was unsuccessful, successful or declined to tender and the contract value in the case of a contract being awarded to a local company.

- All local wholesalers and building materials suppliers which are asked to provide prices and the value of any purchases of materials and other wholesaler supplies procured.

(The Local Procurement Team can provide a pro forma local procurement log to assist in the monitoring process)

Full contact details of all subcontractors appointed (whether local or from elsewhere)

4. The main contractor should include a written statement in the tender documentation sent out to sub contractors informing them of their s106 requirement obligations as set out in section 2.2 below and ensure cooperation is agreed as a prerequisite to accepting sub contract tenders.
5. The main contractor should provide an opportunity for the Local Procurement Team to brief subcontractors on the requirements of the Local Procurement code.
6. The main contractor will identify any actions that are required in order to overcome known barriers to Local Businesses to accessing their supply chain in respect of the Construction Phase.

## **2.2 Actions And Responsibilities of Sub-Contractors**

1. All sub-contractors appointed will be required to work with the Local Procurement Team and to aim to achieve the procurement of construction goods and services from companies and organisations based in Camden towards a target of 10% of the total value of their construction sub-contract. (A regularly updated sub-directory of local suppliers will be supplied to subcontractors by the Local Procurement Team).
2. All subcontractors are required to provide regular monitoring information either to the main contractor or directly to the Local Procurement Team every six to eight weeks during the construction phase, via e-mail, phone, fax or liaison meeting providing details of :
  - All local wholesalers and building materials suppliers which are asked to provide prices and the value of any subsequent purchases of materials and other wholesaler supplies procured.

- All local companies which are sent a tender enquiry or a tender invitation detailing the date and the works package concerned and the outcome of all sub-contracts tendered.

**B. POST CONSTRUCTION: FITTING OUT BY TENANTS AND FACILITIES MANAGEMENT**

**Fitting out by tenants**

Where the tenants of a development are responsible for fitting out the building(s), we will require the Owners to inform them that they also fall under the provisions of this s106 on local procurement and provide guidance in writing to their tenants setting out the above clauses contained in section 2 above, which will apply to them as the Owner, their main contractor and subcontractors.

**Facilities Management**

The Owner and their agents shall provide opportunities for local businesses to bid/tender for the provision of facilities management services and other post construction supply of goods and services.

The Council will assist the Owner, occupier and their contractors in identifying suitable local companies to bid for facilities management contracts and to source local goods and services.

The Council has considered your application and decided to grant permission subject to the conditions and informatives (if applicable) listed below **AND** subject to the successful conclusion of a Section 106 Legal Agreement.

The matter has been referred to the Council's Legal Department and you will be contacted shortly. If you wish to discuss the matter please contact **Aidan Brookes** in the Legal Department on **020 7 974 1947**.

Once the Legal Agreement has been concluded, the formal decision letter will be sent to you.

Condition(s) and Reason(s):

- DRAFT**
- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan, 206 B, [Prefix 235897/] (As existing: 120, 102, 103, 104, 105, 106, 107, 108, 109, 111, (As proposed:) 200 D, 201 B, 202 C, 203 B, 204 B, 205 A, 210 D, 211 C, 212 C, 213 B, 214 B, 215 A, 216 B, 217 B, 218 A, 219, 230 C, 231 C, 232 C, 233, 234, 235 B, 236 B, 237 B, 238 A.

**DECISION**

Reason:  
For the avoidance of doubt and in the interest of proper planning.

- 3 The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the local planning authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Development Policies and policy DP27 (Basements and Lightwells) of the London Borough of Camden Local Development Framework Development Policies.

- 4 Detailed drawings, or samples of materials as appropriate, in respect of the following, shall be submitted to and approved in writing by the local planning authority before the relevant part of the work is begun:

a) Details including sections at 1:10 of all windows (including jambs, head and cill), ventilation grills, external doors and gates;

b) Manufacturer's specification details of all facing materials (to be submitted to the Local Planning Authority) and samples of those materials (to be provided on site).

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 5 No development shall take place until full details of hard and soft landscaping, replacement tree (T2) and means of enclosure of all un-built, open areas have been submitted to and approved by the local planning authority in writing. [Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels.] The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To ensure that the development achieves a high quality of landscaping which contributes to the visual amenity and character of the area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 6 All hard and soft landscaping works shall be carried out in accordance with the approved landscape details by not later than the end of the planting season following completion of the development or any phase of the development. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the local planning authority gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a high quality of visual amenity in the scheme in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 7 Prior to the commencement of any works on site, measures of tree protection during construction work shall be implemented in accordance with the hereby approved Arboricultural Report by Landmark Trees ref BWR/75AVR/AIA/01a dated 17.3.2015.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local Development Framework Core Strategy.

- 8 Noise levels from all plant and machinery associated with this application at a point 1 metre external to sensitive facades shall be at least 10dB(A) less than the existing background measurement (LA90) as assessed according to BS4142:2014, expressed in dB(A) when all plant/equipment (or any part of it) is in operation.

Reason: To safeguard the amenities of the adjoining premises and the area generally in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policies DP26 and DP28 of the London Borough of Camden Local Development Framework Development Policies.

- 9 The hereby approved secure and covered cycle storage area for 4 cycles per dwelling shall be submitted to and approved by the local planning authority. The approved facility shall thereafter be provided in its entirety prior to the first occupation of any of the new units, and permanently retained thereafter.

Reason: To ensure the development provides adequate cycle parking facilities in accordance with the requirements of policy CS11 of the London Borough of Camden Local Development Framework Core Strategy and policy DP17 of the London Borough of Camden Local Development Framework Development Policies.

- 10 Prior to commencement of the development, a lifetime maintenance plan demonstrating how the sustainable drainage system as approved (Flood Risk Assessment, Heyne Tillet Steel, 18/2/15 and Surface Water Management Strategy Layout) will be maintained submitted to and approved in writing by the local planning authority.

The sustainable drainage system as approved (Flood Risk Assessment, Heyne Tillet Steel, 18/2/15 and Surface Water Management Strategy Layout) shall be installed as part of the development to include all proposed flood risk reduction measures and to achieve a minimum 50% reduction in run off rate for all flood events up to and including the 1 in 100 yr 6 hour event with an allowance for climate change. The system shall include permeable paving with 38m<sup>2</sup>, as stated in the approved drawings and shall thereafter retained and maintained in accordance with the approved maintenance plan.

Reason: To reduce the rate of surface water run-off from the buildings and limit the impact on the storm-water drainage system in accordance with policies CS13 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

- 11 Before the development commences, details of the location, design and method of waste storage and removal including recycled materials, shall be submitted to and approved by the local planning authority in writing. The facility as approved shall be provided prior to the first occupation of any of the new units and permanently retained thereafter.

Reason: To ensure that sufficient provision for the storage and collection of waste has been made in accordance with the requirements of policy CS18 of the London Borough of Camden Local Development Framework Core Strategy and policies DP26 and DP28 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 The Mayor of London introduced a Community Infrastructure Levy (CIL) to help pay for Crossrail on 1st April 2012. Any permission granted after this time which adds more than 100sqm of new floorspace or a new dwelling will need to pay this CIL. It will be collected by Camden on behalf of the Mayor of London. Camden will be sending out liability notices setting out how much CIL will need to be paid if an affected planning application is implemented and who will be liable.

The proposed charge in Camden will be £500 per sqm on all uses except affordable housing, education, healthcare, and development by charities for their charitable purposes. You will be expected to advise us when planning permissions are implemented. Please use the forms at the link below to advise who will be paying the CIL and when the development is to commence. You can also access forms to allow you to provide us with more information which can be taken into account in your CIL calculation and to apply for relief from CIL.

<http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

We will then issue a CIL demand notice setting out what monies needs to paid when and how to pay. Failure to notify Camden of the commencement of development will result in a surcharge of £2500 or 20% being added to the CIL payment. Other surcharges may also apply for failure to assume liability and late payment. Payments will also be subject to indexation in line with the construction costs index.

Please send CIL related documents or correspondence to [CIL@Camden.gov.uk](mailto:CIL@Camden.gov.uk)

- 4 The correct street number or number and name must be displayed permanently on the premises in accordance with regulations made under Section 12 of the London Building (Amendments) Act 1939.
- 5 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Planning Obligations Officer, 5 Pancras Square  
London N1C 4AG.
- 6 You are advised that this proposal will be liable for the Mayor of London's Community Infrastructure Levy (CIL) as the additional floorspace exceeds 100sqm GIA or one unit of residential accommodation. Based on the Mayor's CIL charging schedule and the information given on the plans, the charge is likely to be £150,000 and £1,500,000 (3,000sqm x £500) for Camden's CIL (Zone B Residential). This amount is an estimate based on the information submitted in your planning application. The liable amount may be revised on the receipt of the Additional Information Requirement Form or other changing circumstances.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Yours faithfully
