

LED Bulkhead with Emergency Option

IP65 Bulkhead Luminaire for LED DD Lamps

Product Overview

Kosnic's LED Bulkhead with emergency option offers a low maintenance and robust solution to lighting in corridors, staircases, security zones and thoroughfares. The standard fittings are exclusively for use with Kosnic LED DD lamps, with or without microwave sensors, are IP65 rated and have the option of a built-in emergency module.

Features

- Ideal enclosure for Kosnic LED DD lamps.
- Optional built-in maintained emergency module (requires un-switched supply).
- Class II
- IP65

Emergency Module Option

The optional emergency module provides power in the event of a cut in the supply and must be wired to the un-switched supply through the un-switched Live terminal. The battery will supply the lamp for over 3 hours at a reduced output level of 15-20% depending on the lamp wattage.
