Dear Rudolph,

Re: 4 Petros Gardens, London NW3 6EL

Please find below a quotation for proposed tree works at the above address.

SPECIES

WORK PROPOSED

Rear, flat 4 Petros Gardens

T1 Black Poplar x 1 (*Populus nigra*)

Large, mature, wide spreading, previously reduced tree. The re-growth on Black poplars is renowned for snapping out as it gets bigger and this has been happening more frequently with this tree. The tree was partially reduced back to the previous points but a lot of stems to the North were left untouched. To prevent further branch loss and to maintain the tree, the suggested works are: To re-pollard the tree to the previous pollard points, clean out crown, remove deadwood and trunk growth.

Please quote our reference number on all your correspondence.

Yours sincerely

Steve Hawkins, RFS Arb
