2016/5611/P	N M Pearson	18 B Carlingford Road London NW3 1RX	24/11/2016 13:46:33	COMMNT	<p>I am objecting for the sole reason that I live at No. 18 Carlingford Road and for several months we have had to listen to the major works being carried out in the basement and garden at No. 14 Carlingford Road which after months of work shows no sign of coming to an end.</p> <p>I cannot believe that when digging starts below the basement level, in a property that has been settled for a long time, that there will not be any knock-on effects, i.e. movement in the building, causing damage to the main structure of the property and possible cracks in my own flat. It's a selfish objection of course, but one I feel entitled to make.</p>
