Your comments on the planning application

As a lay person it is incredibly difficult to track the history of the series of proposals that have been granted, superseded and varied on this site.

However I am concerned that the ground floor windows to 13a appear to have already been installed contrary to what has been approved at the current time. The full height windows are not in keeping with others in the area and put simply are incredibly ugly and should be removed and replaced with those previously consented.

In addition I wanted to draw attention to the requirement given in the decision notice of the previously granted scheme for demolition of 13 West Hampstead Mews (2014/1182/P). Specifically point 6. "The dedication plaque on the gable wall of No. 13 shall be carefully removed and re-erected within the ground floor of 13 West Hampstead Mews (as shown on the drawings hereby approved) and retained permanently thereafter. Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Page 3 of 6 2014/1182/P Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

I am very concerned that demolition will commence and this requirement will not be fulfilled and an important part of the history and heritage of South Hampstead will be lost forever.  
Kind regards  
Lucy Findlay
