#### Informative(s):

- 1 Reasons for granting permission.

The proposal to enlarge an existing window is a minor alteration which is in keeping with the appearance and character of the host building and surrounding area, and would match the materials of other fenestration. Therefore the proposal will preserve the character and appearance of the South Hampstead Conservation Area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

There are no new amenity issues as no further overlooking will occur with this alteration compared to the existing window at the rear.

No comments have been received prior to making this decision. The site's planning history was taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Policies. The proposed development also accords with The London Plan 2016 and the National Planning Policy Framework.
