2016/6270/P	agnes peyser	7 Iverson Road NW6 2QT	01/12/2016 21:57:59	OBJ	I strongly object to this application. A large number of local residents objected on the first application and it would be appropriate to show their comments now as a lot of them are elderly and do not have access to the internet to comment. This development would be by far the highest on Iverson Road and on the west side of Kilburn High Road and is totally not in keeping with the area nor the height of adjacent buildings. The development that has already taken place on the floors below has created huge issues in the road with irresponsible garbage disposal and further food for the rats. Additionally this would negatively impact on sunlight in the road and the feeling of space.
