Your comments on the planning application: We do not approve of the height of the new party-wall that has already gone up before a decision has been made. The wall is constructed of blockwork reaching a height of over 3m. Not only is this ugly but it also blocks all natural day light to our windows adjacent.

This is unacceptable. The drawings submitted online are ambiguous and do not address the relationship to 160 adjacent.

We would have no objections to a boundary wall height of 1.8m max with a sloping roof above but cannot accept the current situation. Please see photograph attached of what has been constructed prior to permission being granted.
