2016/5202/P	Rory O'Callaghan	15 Pendrell House New Compton St WC2H 8DF	06/12/2016 11:10:26	COMMNT	I have seen the plans for this refurbishment and fully support them. The present building is dark, lumpen and brooding, adding no visual advantage to the area. The new plans would lighten its aspect considerably, vary the outline and commendably reinstate the link to Old Compton St. The added height is an acceptable price to pay for these improvements.
