Waste Comments

Thames Water have reviewed the documentation provided and agree to discharge Condition 24 (Piling Method Statement)

Water Comments

Supplementary Comments

Thames Water have reviewed the information provided and agreed to discharge condition 24. This is based on the understanding that piling/demolition works are carried out in accordance with the ground movement analysis undertaken in relation to piling in close proximity to the existing Thames Water Pipe running along Croft Way with the title "J12093 Utility Letter Report".

Please advise Thames Water if these plans change so that we can re-assess the risk to our assets. Please discharge Condition 24

Demolition, piling and excavation works all have the potential to adversely impact Thames Water assets. Please bear in mind that Thames Water will hold the developer and any relevant contractor/sub-contractor liable for any losses incurred or damage caused to Thames Water assets arising from construction works or subsequent use of the facility.

Yours faithfully
