

Plan

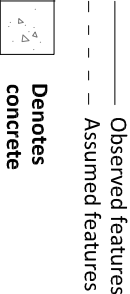

Photographic record

Key

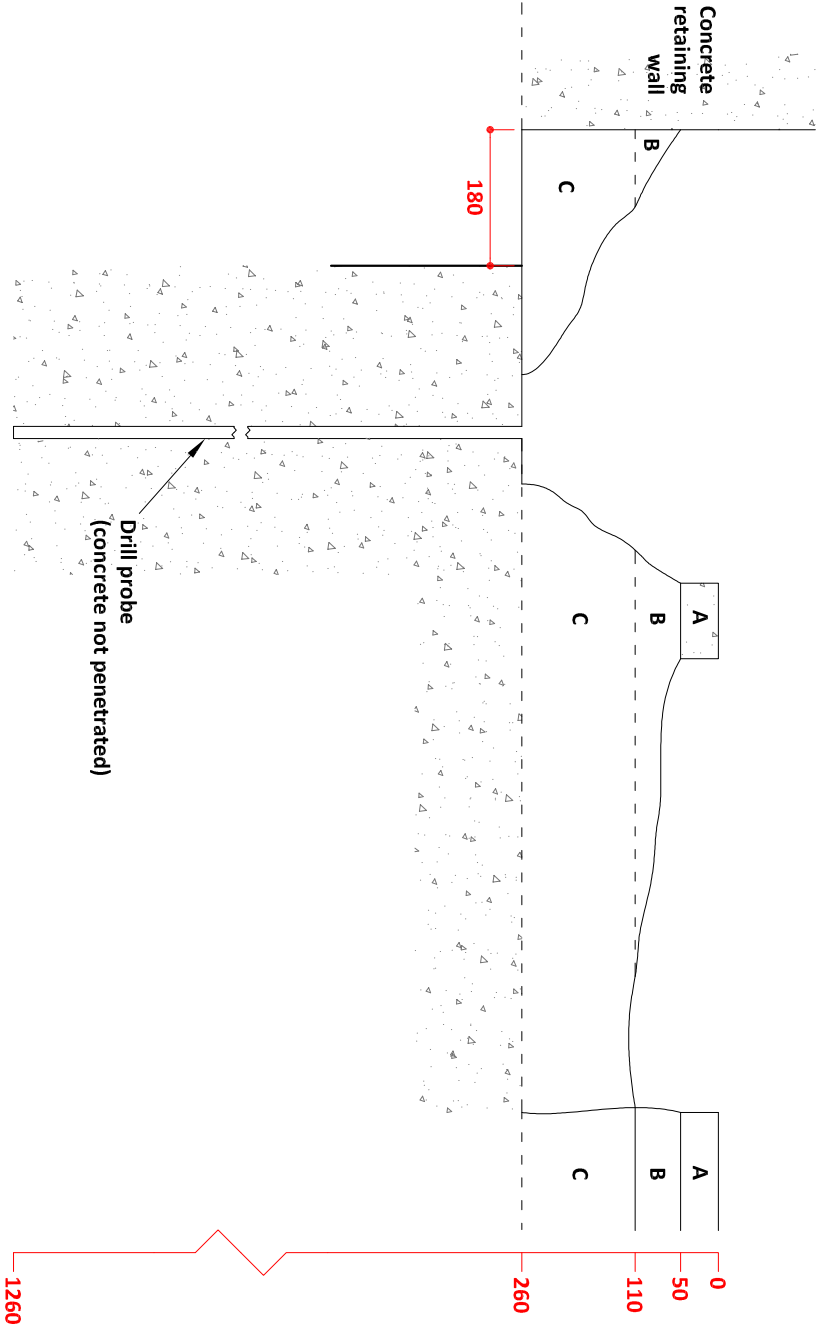

- A. CONCRETE paving slab. (MADE GROUND)
- B. Orange brown SAND. (MADE GROUND)
- C. Grey slightly clayey GRAVEL. Gravel consists of igneous rock. (MADE GROUND)

Notes

1. All dimensions shown in millimetres

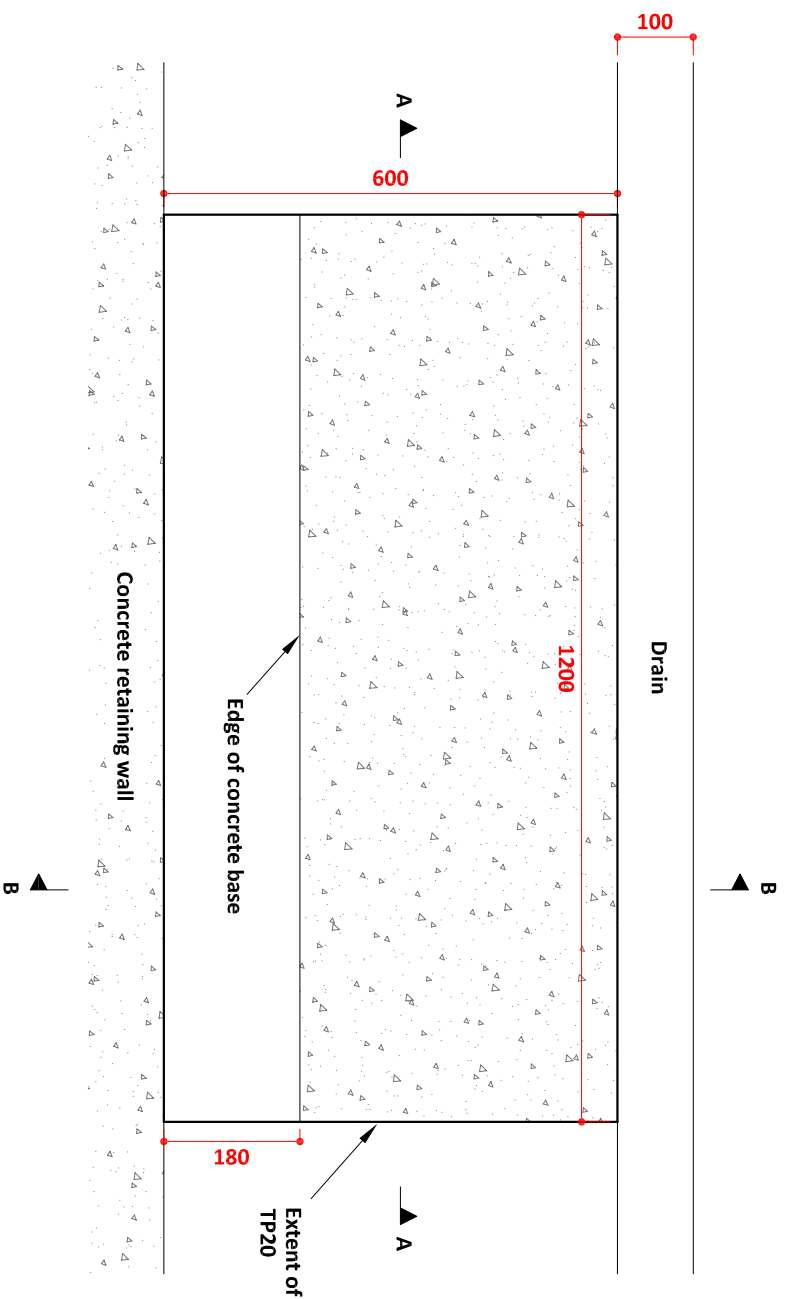

Section A-A

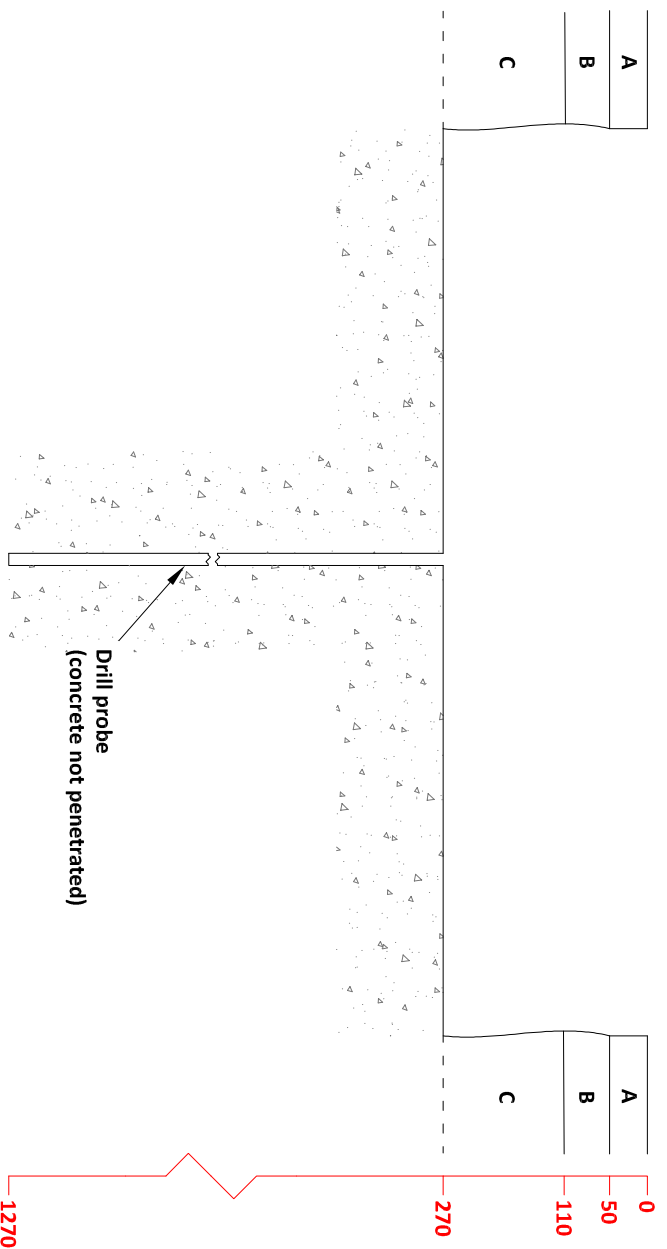

Method of excavation		Title	Location reference
Hand tools	Dimensions	Trial pit record	TP19
As shown	Groundwater observations	Date of works	Location plan on drawing number
No groundwater encountered		14.07.2016	01b
		Scale	Appendix
		1:10 at A3	C

Observed features
Assumed features

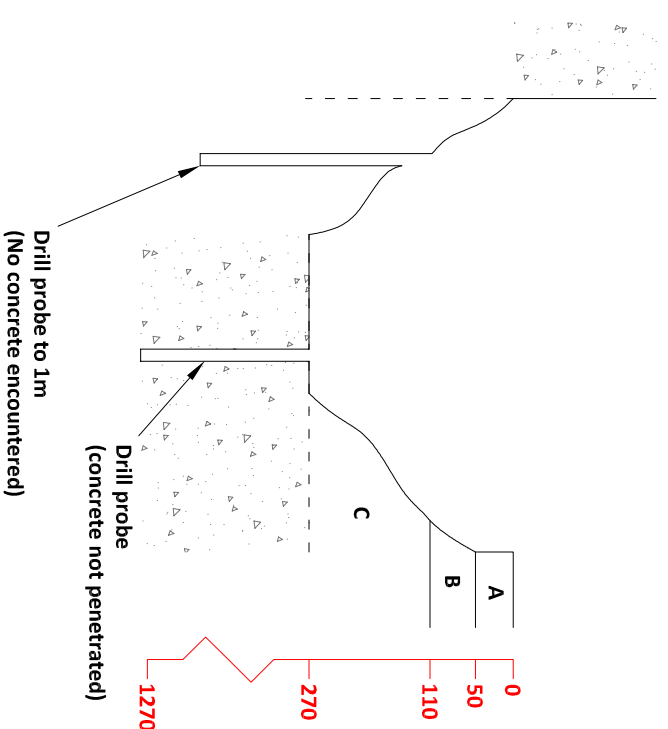

**Denotes
concrete**

Notes

1. All dimensions shown in millimetres

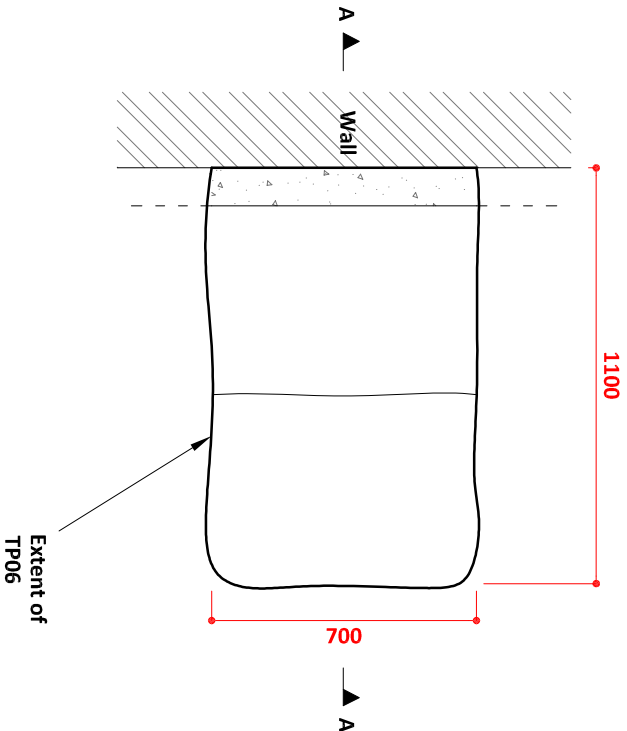

Section B-B

	Title	Location reference
Method of excavation	Trial pit record	TP20
Hand tools	Date of works	Location plan on drawing number
Dimensions	14.07.2016	01b
As shown	Scale	Appendix
Groundwater observations	1:10 at A3	C
No groundwater encountered		

Plan

Section A-A

Photographic record

Key

- A. CONCRETE paving slab.
(MADE GROUND)
- B. Orange brown SAND.
(MADE GROUND)
- C. Loose brown to dark brown silty gravelly SAND. Gravel consists of brick and concrete.
(MADE GROUND)
- D. Loose orange brown mottled dark brown clayey sandy GRAVEL. Gravel consists of concrete, brick and ash.
(MADE GROUND)
- E. Loose to medium dense orange brown slightly clayey silty gravelly SAND. Gravel consists of brick.
(MADE GROUND)

— Observed features
- - - Assumed features

 Denotes
concrete

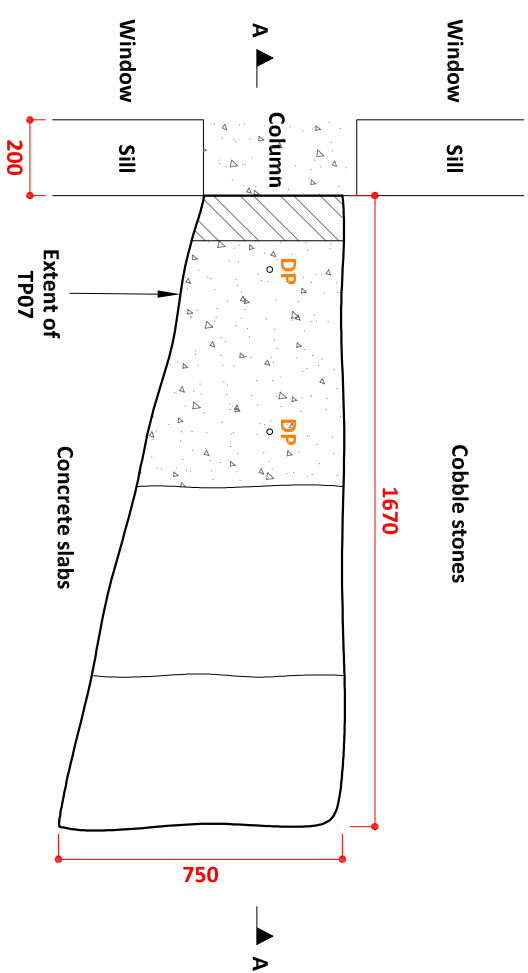

Notes

1. All dimensions shown in millimetres
2. Disturbed samples taken from 0.5m, 1.1m and 1.8m depths
