Planning Ref: 2016/6539/P

Address: 69 Redington Road NW3

Description: Condition: engineering appointment

Case Officer: Evelyn Jones

Date: 10 December 2016

We are very concerned that this application is now made, AFTER construction has been completed, particularly since no reference is made to the fact that it is made retrospectively.

Why was this condition satisfied before commencement of the work? Why was permission granted without this essential matter cleared? What guarantee do you have that the design was indeed carried out by the engineer belatedly nominated?

This requires explanation; please respond.
