Planning application address 156 West End Lane London NW6 1SD

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

There are already too many people living in West Hampstead; this can be seen during rush hour when it takes almost 5 minutes to enter the underground station. With more people moving here, mine and many other's journeys will be delayed.

Please continue on extra sheets if you wish

Your comments

- Design is too bulky + not in keeping with area. No regard for Conservation Area.
- Too high - will block out essential light to Open Space in Crown Close, depriving children + residents of sunlight.
- As a Lymington Rd resident, I have conclusive proof that during summer months we get the sun until 7:30pm + in winter until sundown. The blocks will cut off all sunlight from 2pm onwards. Children need sunlight.
- Not enough infrastructure to accommodate 600+ new residents, schools, doctors etc.
- Roads to stations + along West End Lane are already too congested + unsafe during peak commuting hours.

Please continue on extra sheets if you wish

- No safe access road from development onto West End Lane.
