The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 3-EX-1-01; 3-EX-1-02; 3-EX-2-01; 3-EX-1-02; 3-EX-2-03; 3-EX-2-04; 3-EX-2-05; 3-EX-3-01; 3-EX-3-02; 3-EX-3-03; 3-EX-3-04; 3-EX-4-01; 3-EX-4-02; 3-EX-4-03; 3-EX-4-04; 3-PP-1-02; 3-PP-2-01; 3-PP-2-02; 3-PP-2-03; 3-PP-2-04; 3-PP-2-05; 3-PP-3-01; 3-PP-3-02; 3-PP-3-03; 3-PP-3-04; 3-PP-4-01; 3-PP-4-02; 3-PP-4-03; 3-PP-4-04

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed side extension would be set back from the front elevation and down from the roof ridge. Although visible from the front, it would not read as an overly dominant or bulky extension to the host property. Furthermore as the extension is situated on the end of terrace mews on a private courtyard, it would have limited visibility from the mews itself. The incorporation of a balcony to the rear elevation is an appropriate addition in terms of size and design. The rear extension would replace an existing conservatory and, by virtue of its similar size and lightweight design, would remain subordinate to the host property and is considered acceptable. The rear dormer would be a subservient addition to the rear roof slope. It would be set down from the roof ridge by 0.4m which although slightly less than the 0.5m guidance in CPG1, it is considered acceptable in this instance to gain sufficient internal headroom. It would have a slate finish to match the existing roof.

The full impact of the side extension was assessed as part of planning permission 2016/2517/P granted on 28 June 2016. A Daylight and Sunlight assessment was submitted with the application which demonstrates that the side extension would only have a negligible impact in terms of daylight and sunlight on the neighbouring properties and would not lead to seriously harmful overshadowing of the adjoining roof terrace. The extension, on account of its profile and context adjoining a garden, will not lead to a serious loss of outlook to the windows opposite. The proposals are therefore not considered to have an adverse impact on the amenity

of adjoining occupiers.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2016 and paragraphs 14, 17, 56-68 and 126-141 of the National Planning Policy Framework.

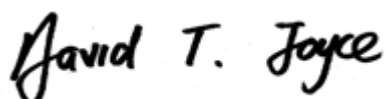

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
