Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:

**Flat 1  
8 Ainger Road  
London  
NW3 3AR**

Proposal:

Conversion from 2 self-contained flats to 1 self-contained (5xbedrooms) flat at ground and 1st floor levles.

Drawing Nos: Location plan; 02-16-/ PL-101 rev A; 02-16-/ PL-102 rev A; 02-16-/ PL-103 rev A; 02-16-/ PL-104 rev A.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans [Location plan; 02-16-/ PL-101 rev A; 02-16-/ PL-102 rev A; 02-16-/ PL-103 rev A; 02-16-/ PL-104 rev A.]

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposal includes the conversion of two existing flats to form a 5xbedroom self-contained flat [maisonette]. This would result in the net loss of one residential unit over 2 floors. Policies DP2 and CS6 seek to protect a range of housing sizes and types by resisting development that would involve the net loss of two or more homes. As the proposal would involve the loss of one residential unit, it is considered to comply with these policies. The proposal will involve the creation of a family sized dwelling which will provide a good standard of residential accommodation, in line with Policy DP5. On this basis, the proposal is considered acceptable.

The new self-contained flat is considered acceptable in terms of its size, amenity and internal layout and would exceed the minimum floor area and room size requirements set out in the London Plan. The proposal will not result in any additional traffic generation as there would be a reduction in the number of residential units; it would not result in any increased pressure to on-street parking and therefore complies with Policy DP19.

No objections were received prior to making this decision. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS6 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP2, DP5, DP6, DP18, DP19 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with the London Plan 2016; and the National Planning Policy Framework.
