2016/5923/P	m hay	116 west heath rd	09/12/2016 11:13:30	COMMNT	I think it is unreasonable to have a date for submission of comments of the 29 December. To get professional help at this time of year and with the seasonal holidays coming makes it very difficult to provide proper comments. We would ask you to extend the period for consultation to the end of January 2017.
2016/5923/P	Chloe Millington	Flat 40 Frogmal Court NW3 5HG	15/12/2016 22:52:04	COMMNT	I am concerned about noise. The last 2 weeks it is clear work is being done late at night- 22:30 onwards banging and hammering. There needs to be strict work restrictions so we are not being woken up at 7am or preventing going to bed.
