16 December 2016

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
9 Ellerdale Road
London
NW3 6BA

Proposal:
Erection of replacement conservatory extension and roof extensions to single dwelling house.

Drawing Nos: 000, 002, 003, 004, 005, 006, 007, 008, 013, 017, 019, 020, 011/01, 012/01, 014/01, 015/01, 016/01, 018/01,

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 000, 002, 003, 004, 005, 006, 007, 008, 013, 017, 019, 020, 011/01, 012/01, 014/01, 015/01, 016/01, 018/01,

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

This application is a resubmission of previously granted permission 2013/3793/P granted 23/08/2013 which has now expired.

The subject property has been identified as a positive contributor in the Fitzjohns and Netherhall Conservation Area and therefore developments must be sympathetic to the original character of the property and surrounding area. The proposed roof extension would involve infilling a section of roof left open by the adjoin property's extension and would retain the overall integrity of the roof form. The pitch design of the roof would be in keeping with the existing g roof pattern set out by the neighbouring extension and would be considered acceptable and sympathetic in its setting.

The proposed roof extension would not compete with the dominant turret feature of the prominent corner property and the extension would therefore retain the character and appearance of the host dwelling.

The proposed replacement conservatory would be sensitively designed and located maintaining the original character and appearance of the property. The structure would be lightweight and would be a sympathetic addition to rear elevation of the property.

The additional roof extension would not increase the ridge height and is not seen to unduly impact on the amenity of neighbouring properties. The replacement conservatory would be a lightweight structure of timber and glass and would be sympathetic to the character of the host dwelling and would not harm neighbouring amenity.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.

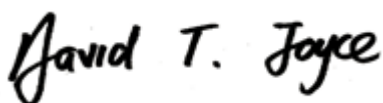

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
