#### Informative:

- 1 Reason for granting:

The application was amended to relocate the hanging sign to the other side of the fascia and remove the existing stand-off, following officer advice. The proposed externally illuminated fascia and projecting sign are therefore considered to be acceptable in terms of size, design, location and method of illumination. The proposals would preserve the appearance and character of the host building, the streetscape and the conservation area, and will not harm the setting of adjacent listed buildings.

The proposal will not impact on the neighbours' amenity nor would they be harmful to either pedestrians or vehicular safety.

The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area and special regard has been

attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5, CS14 and CS17 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2016; and paragraphs 14, 17, 56 -67, 126 -141 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
