Subject: Planning Application: The House, Lissenden Gardens, London NW5 1ND

Dear Ms Hazelton,

I wish to add my name to the list of those objecting to the application regarding the above property. I have hesitated out of reluctance to offend the family concerned, with whom we are acquainted and on friendly terms.

However, having listened to other neighbours, I wish to express solidarity with them in objecting to the proposed addition of a further storey to The House.

It seems to me that the perceived needs of one family for more internal room should not be at the cost of the sense of space and light and community afforded by the layout as it now is. The House was built on the footprint of the old caretakers' cottage, and I believe permission to build it was granted provided that it did not exceed the height of the original building. What is proposed now is out of proportion, and clearly will affect a significant number of dwellings close by, including ours, in terms of outlook, daylight, and reflected light.

Yours sincerely

Lindsay Watson
