dimensions:  
  
This drawing has been prepared from a  
survey drawing that was based on rough  
survey measurements that were taken  
for OUTLINE DESIGN PURPOSES ONLY,  
which is NOT likely to be as precise as a  
full measured survey. As a result, no  
warranty as to be precision of the  
dimensions indicated or illustrated can  
be given. While this drawing can be used  
as a base drawing for construction and  
quotation purposes, due to the nature of  
the measurements on which it is based,  
it is VERY IMPORTANT that all  
dimensions are checked carefully before  
any work commences or any materials  
are ordered. If any discrepancies are  
noticed between this drawing and any
