14 June 2016

Dear Mrs Bull,

**Wylde, North End, London NW3 7HS  
Tree surgery**

I refer to email from Mrs Grace Kay regarding her request to carry out certain additional work, the following tree surgery is agreed, and should therefore be granted by the Trust.

Remove a dead Walnut tree situated in the bottom left hand corner of the garden adjacent to the woods, it is important to grub out the roots if possible in order to prevent any disease establishing which could affect other plant species.

Yours sincerely,

*Anthony George*
