FRONT ELEVATION OF NO. 90-98
No.96 is third from the right.

This shows the current height of the parapet
to No.96 where the etched glass balustrading
would be placed to finish flush with the height
of the parapets at No. 94 & 98.

TERRACE OF ADJOINING PROPERTIES No. 96 is fourth from the right.

This shows the varying levels and finishes to the parapets within the adjacent properties to No.96. There are rendered parapets, fair faced brickwork parapets and bottles, all within 6 properties surrounding No.96.

GLOUCESTER AVENUE-OPPOSITE THE SUBJECT PROPERTY

This photograph shows the distinct lack of a street scene in relation to parapet heights with a mixture of angled parapets, reduced parapets with railings and all at varying heights.
