Living Room Window, Master Bedroom Window, 2 no. Master Bedroom Window, Bedroom 2 Window, Sash Window Details.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposal seeks to replace single-glazed, timber framed sash windows at front and rear 2nd floor level with like-for-like double-glazed windows that will match as closely as possible the existing windows in terms of materials, colour, frame sizes, design, opening methods and proportions. It is therefore considered that the proposed replacement of all windows would not detract from the character and appearance of the building and the wider Elsworthy conservation area, and as such, would be acceptable.

There are no amenity concerns as a result of these proposals in terms of loss of privacy or overlooking to neighbouring properties as the proposed windows would replace existing windows.

The site's planning and appeals history has been taken into account when coming to this decision. The Elsworthy Conservation Area Advisory Committee has no objections to the proposals and no objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The proposed development is in general accordance with Policies CS5 and CS14

of the London Borough of Camden Local Development Framework Core Strategy 2010, policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies 2010, the London Plan 2016, and the National Planning Policy Framework 2012.
