2016/6088/P	Rosemary budge	11 Brookfield Park London NW5 1ES	21/12/2016 14:31:27	OBJ	Having looked at the plans and knowing the site as a nearby resident of 20 years whose children enjoyed using the facilities I wish to lodge an objection to the proposed plans . The proposals are a severe over development of the site . The outside space created will be in shadow . The nearby housing will be effected by the over high buildings . The new community spaces appear to be in the least desirable space that is left . It is a greedy development . The nearby streets are already crowded with cars .... This should go back to the drawing board .
2016/6088/P	Robin Howells	6 Brookfield Park NW5 1ER NW5 1ER	21/12/2016 10:12:19	COMMNT	<p>I object to this application because I think that the development proposed is much too big for the site. It is too high, and too bulky. It would be overbearing in relation to the existing buildings around it.</p> <p>This is particularly objectionable in a Conservation Area.</p> <p>I think that any proposed redevelopment here should not exceed the height of the mansion blocks around it. And too much (in the way of dwellings and public facilities) is crammed into the space, resulting in overcrowding and lack of light and privacy..</p> <p>Housing and other facilities are urgently needed for Camden, but we should be building not just for now but to create a pleasing townscape for the future.</p>
