2016/6756/L	Nick Bradfield DPCAAC	Flat 3 36 Dartmouth Park Road NW5 1SX	16/12/2016 17:37:09	COMMEM AIL	This provides improvements to the front of the house but officers must ensure that the proposed modern roof design is not visible from any public place. Neighbours may have more stringent requirements. Dartmouth Park Conservation Area Advisory Committee
2016/6756/L	john lawrence	19 grove terrace nw5 1ph	20/12/2016 10:58:55	OBJBOBXI	<p>The addition of an extra floor on the roof of Grove End House is entirely out of context with the surrounding buildings. The rear views from it and the aspect for the neighbours and Chetwynd Road are intrusive and too modern. The existing mansard is in keeping with the setting.</p> <p>The application also describes a lot of other work on the building , outside the curtilage of No 6. It does not make clear who is paying or, whether the neighbours agree.</p> <p>The proposal should be rejected.</p>
