3G (U900+U2100) existing coverage without VF site 87676

3G (U900+U2100) future coverage with VF site 87676

Conclusions

This new site aims to improve 2G and mainly 3G and 4G coverage around the area. We are providing improved throughputs for users by adding new technologies and adding additional spectrum which will allow a better quality in terms of the customer's perspective.
