11. Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The existing layout comprises a warren of small rooms, many of which receive no natural daylight. The flat was previously arranged over two floors (encompassing the raised ground floor) and as such the garden flat was used for amenity and storage purposes. The two flats are now separate dwellings, and as such existing internal arrangement of the property requires refurbishment works in order for it to function well as a modern family home in its own right.

Removal of the contemporary conservatory is required to allow for the dark existing layout to get more access to daylight, through the new extension.

12. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?
