2016/6088/P	Shiona Macorkindale	120B Croftdown Road NW5 1HB NW5 1HB	22/12/2016 21:15:20	OBJ	I wish to object to this proposal. I live in a ground floor flat directly adjacent to the proposed redevelopment. I have studied the plans and believe that My flat and garden will be affected by loss of light and sunlight to an unacceptable extent. This is also in direct breach of my lease which allows for protection of light and sunlight. I believe I will be due considerable compensation for both issues but have not yet been contacted by Camden Council regarding this.
