2016/6620/P	Mark Guthrie	Flat B Kingdon Road London NW6 1PJ	03/01/2017 12:28:25	COMMNT	From my understanding of the plans, the proposed extension involves knocking through two exterior load bearing walls which are the the foundation of the building. As this is a terraced property and adjoins No. 7 Kingdon Road (my property), I am concerned that insufficient regard has been given to the possible impact upon the foundations of the adjoining property. I should wish to know what safeguards will be taken to ensure that there is no adverse impact on adjoining properties.
