2016/6891/P	Margriet den Boer	23a oval road nw17ea nw17ea	04/01/2017 01:06:08	COMMNT	An assessment whether the construction is in accordance with the Right to Light law for the Oval Road properties adjoining the construction site is needed. I am a renter of 23A Oval Road and I believe my Right to Light may be compromised. The expected construction noise is also highly problematic for I am working at home in an office directly adjoining the construction site. I do not have an alternative place to work.
